

# Framework Ideas

Prepared by Tom Inglis

23/07/2020

# Social

- Donate equipment or materials to local schools
- Sponsor local interest groups and sports clubs
- Support local festivals and sports events
- Contribute to local art and heritage projects
- Make improvements to local infrastructure like paths and bridges
- Assist enhancement projects like litter picking and graffiti removal
- Volunteer expertise and resources to social enterprises and charities
- Work with projects improving mental and physical well-being

# Economic

- Create and sustain jobs in the local economy
- Create apprenticeships in the local economy
- Provide training opportunities in the local economy
- Create work placement schemes for local schools and colleges
- Provide support and skills development to SMEs, social enterprises and charities
- Purchase from and subcontract to local SMEs, social enterprises and charities
- Employ or train people who are from priority groups
- Encourage inclusive working environments and equal pay for people with protected characteristics

# Environmental

- Reduce greenhouse gas emissions and industrial pollution
- Save electricity and water by installing more efficient equipment
- Minimise material waste by re-using and re-cycling goods
- Purchase environmentally sustainable and fairly traded goods
- Switch to low emission vehicles and encourage cycling to work
- Increase biodiversity in local green spaces and outside local facilities
- Plant trees in verges and other marginal land
- Provide funding and tools for local environmental projects
